description and online application.

Thank you for your interest in ESD 112 and our Prevention and Youth Services department. Student Assistance Prevention-Intervention Services Program is a statewide program, administered by ESD 112 in selected Wahkiakum, Cowlitz, Clark, Skamania and Klickitat county middle and high schools. SAPISP is a comprehensive, integrated model of services that focuses on substance-use prevention and other supports.

Assignment:

This position will be assigned to the Wahkiakum Middle/High School and will work a full-time, 180 days per year. Applications will be screened by July 10th with interviews taking place in the beginning of August. \$37,439.58-\$41,183.54 starting annual salary.

Position Description:

Under the supervision of the Prevention and Youth Services Manager or Director, the Student Assistance Professional develops and delivers services to students facing behavioral health issues in collaboration with school assistance programs, parents, and community agencies. Some essential functions include:

- Recruit, enroll, screen, and provide support to youth identified as needing student assistance services.
- Provide pre-assessment and referral information to students and/or parents who are affected by alcohol/drug use.
- Conduct early intervention/insight programs for students experimenting with alcohol/drug/tobacco use or suspended for alcohol/drug/tobacco use.
